

## **Module 2) Technology**

**1. Discuss plans for upgrading your technology skills.**

**Ans:** My current focus is in mastering python backend development. I plan to expand my skill set by learning frontend development. This will enable me to become a full-stack developer and handle both client-side and server-side development.

**2. Mention any relevant courses, certifications, or resources you are pursuing.**

**Ans:** I am currently enrolled in the Python backend development course at TOPS Technology. Another from Apna College on YouTube, and using the Learn Vern app for more learning.

**3. Share your approach to continuous learning and professional development.**

**Ans:** I learn through TOPS Technology and YouTube to stay updated with technology and trends. Develop communication teamwork and problem-solving skill.
